### **DETAILED ACTION**

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on March 12, 2004 has been entered.

### ***Response to Amendment***

The declaration filed on March 12, 2004 under 37 CFR 1.131 is sufficient to overcome the US 6,556,260 (Itou et al) reference.

### ***Allowable Subject Matter***

1. Claims 1-5, 7-14, 16-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art neither discloses nor teaches a liquid crystal display device and the method of for manufacturing comprising various elements and steps, more specifically, as the following:

the front light unit using organic electroluminescent layer and LCD device at rear side of the front light unit, in which a non-transparent electrode arranged on the front side, such that ambient light reflected by the plurality reflective member does not change course (the lights have no bend in the direction of a viewer on the front side),

Art Unit: 2871

and resulting brightness of the display is substantially maximized [claims 1, 9, 16 and 18, as shown in Fig.2].

The closest reference is US 6,556,260 (Itou et al) that discloses a structure of a LCD device using electroluminescent layer having opaque layers as a front light unit to maximize the brightness. However, Applicant filed declaration under 37 C.F.R.1.131 which shows the conception and diligent reduction to practice of the invention prior to the filing date of March 15, 2000 of the reference Itou. According to the search, the prior art of record do not disclose such limitations as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mike Qi whose telephone number is (571) 272-2299. The examiner can normally be reached on M-T 8:00 am-5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert Kim can be reached on (571) 272-2293. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
